

How are GMOs effecting governmental legislatures?

State	Bill Number	Result	Title
Alaska	HB 215	Defeated	An Act relating to the labeling of food; relating to the misbranding of food; requiring labeling of food produced with genetic engineering; and providing for an effective date.
	SB 158	Defeated	An Act relating to the labeling of food; relating to the misbranding of food; requiring labeling of food produced with genetic engineering; and providing for an effective date.
	HB 92	Defeated	An Act relating to the labeling of food; relating to the misbranding of food; requiring labeling of food produced with genetic engineering; and providing for an effective date.
Arizona	SB 1180	Defeated	An Act amending section 36-906, Arizona revised statutes; relating to pure food control.
California	SB 1381	Defeated	An Act to add Section 110663 to, and to add Article 6.6 (commencing with Section 110808) to Chapter 5 of Part 5 of Division 104 of, the Health and Safety Code, relating to genetically engineered food.
	Prop 37	Failed	A ballot measure that mandates the labeling of genetically engineered foods.
Colorado	HB 13-1192	Defeated	An Act concerning labeling requirements for genetically engineered food.
Connecticut	HB 6519	Defeated	An Act concerning the labeling of genetically engineered food.
	HB 6527	Passed	An Act concerning genetically-engineered baby food.

Florida	HB 1	Defeated	An Act relating to genetically engineered foods; creating s. 500.90, F.S.; providing definitions; providing a list of commercial commodities commonly cultivated in genetically engineered form; requiring the Department of Agriculture and Consumer Services to publish the list by a specified date and annually update the published list; providing mandatory labeling requirements for genetically engineered raw agricultural commodities and processed foods made with or derived from genetically engineered ingredients; exempting specified foods, commodities, ingredients, and other substances from the labeling requirements; authorizing the department to adopt rules; providing for enforcement of the labeling requirements; providing civil remedies and penalties; providing an effective date.
	SB 558	Defeated	An Act relating to genetically engineered food; creating s. 500.90, F.S.; providing definitions; providing a list of raw agricultural commodities found by the Legislature to be cultivated commercially in genetically engineered form; requiring the Department of Agriculture and Consumer Services to annually compile and publish a list of raw agricultural commodities that are cultivated commercially in genetically engineered form by a specified date; requiring that the list be based upon the most current available information and specific legislative findings; requiring manufacturer, processor, packer, distributor, and retail food store labeling practices for genetically engineered foods by a specified date; exempting specified foods, commodities, ingredients, and other substances from the labeling requirements; providing penalties and civil remedies; authorizing the department to adopt rules; providing an effective date.
Hawaii	SB 2521	Defeated	An Act related to labeling.
	HB 174	Passed	An Act related to food labeling.
	HB 348	Defeated	An Act related to health.
	HB 733	Defeated	An Act related to the labeling of genetically engineered whole foods.
	SB 1290	Defeated	An Act related to the labeling of genetically engineered whole foods.

	SB 468	Defeated	An Act related to food labeling.
	SB 615	Defeated	An Act related to labeling.
	SB 934	Defeated	An Act related to health.
	SB 1329	Defeated	An Act related to labeling.
Illinois	SB 1666	Defeated	An Act concerning health.
Indiana	HB 1196	Defeated	An Act to amend the Indiana Code concerning health.
Iowa	SF 194	Defeated	An Act requiring consumer labeling information for food, providing penalties, and including effective date provisions.
	HF 463	Defeated	An Act requiring consumer labeling information for food, and including penalties.
Kentucky	HB 441	Defeated	An Act relating to the labeling of genetically engineered food. Amend KRS 217.015 to define "genetic engineering" and "in vitro nucleic acid techniques;" create a new section of KRS 217.005 to 217.215 to create labeling requirements for genetically engineered foods.
Maine	LD 718	Passed	An Act to protect Maine food consumers' right to know about genetically engineered food.
Maryland	HB 1191	Defeated	An Act concerning general health and genetically engineered food labeling requirements.
	SB 778	Defeated	An Act concerning general health and genetically engineered food labeling requirements.
Massachusetts	H.808	Defeated	An Act relative to the labeling of genetically engineered food.
	H.813	Defeated	An Act relative to the labeling of seed.
	H.2093	Defeated	An Act relative to the labeling of food.

	H.2037	Defeated	An Act to establish guidelines for genetically engineered food.
	H.1936	Defeated	An Act relative to genetically engineered food.
	H.3996	Defeated	An Act relative to the labeling of seed.
	H.3242	Defeated	An Act establishing the genetic engineering transparency food and seed labeling act.
Michigan	HR 193	Defeated	A resolution to urge the Food and Drug Administration to require that genetically modified foods be labeled as such and to allow non-genetically modified foods to be labeled as GMO-free.
Minnesota	SF 821	Defeated	An Act relating to food safety; requiring disclosure of genetically engineered food and seed.
	HF 850	Defeated	An Act relating to food safety; requiring disclosure of genetically engineered food and seed.
Missouri	SB 533	Defeated	An Act to amend chapter 196.1150, RSMo, by adding thereto one new section relating to the labeling of genetically modified food, with a penalty provision.
	SB 155	Defeated	An Act to amend chapter 196, RSMo, by adding thereto one new section relating to the labeling of genetically modified food, with a penalty provision.
	HB 245	Defeated	An Act to amend chapter 196, RSMo, by adding thereto one new section relating to labeling of genetically modified food and food products.
Nevada	AB 330	Defeated	An Act relating to labeling; requiring a person who produces or sells certain genetically engineered foods or agricultural products to place a label on the package or container of the food or agricultural product disclosing that it was genetically engineered.
New Hampshire	HB 660	Defeated	An Act requiring the labeling of genetically engineered foods and agricultural commodities.
	SB 411	Defeated	An Act relative to the labeling of genetically engineered foods.

New Jersey	S 91	Defeated	An Act requiring labeling of foods that contain genetically modified material and supplementing Title 24 of the Revised Statutes.
	A 1359	Defeated	An Act requiring labeling of foods that contain genetically modified material and supplementing Title 24 of the Revised Statutes.
	S 1367	Defeated	An Act requiring labeling of foods that contain genetically modified material and supplementing Title 24 of the Revised Statutes.
	A 3192	Defeated	An Act requiring labeling of foods that contain genetically modified material and supplementing Title 24 of the Revised Statutes.
New Mexico	SB 18	Defeated	An Act relating to commerce; amending and enacting sections of the New Mexico Food Act and the commercial feed law to require the labeling of food and commercial feed that contains genetically modified material; providing for measurement, quantification and investigation of genetically modified material in food and commercial feed.
New York	A 3525	Defeated	An Act to amend the general business law and the agriculture and markets law, in relation to the labeling of genetically engineered foods.
	S 3835	Defeated	An Act to amend the general business law and the agriculture and markets law, in relation to the labeling of genetically engineered foods
Oklahoma	HB 2942	Defeated	An Act relating to agriculture; defining terms; requiring certain food or seed stock to contain certain labeling; providing that certain food or seed stock that does not contain certain labeling be considered misbranded; providing for exceptions; permitting Oklahoma Department of Agriculture, Food, and Forestry to promulgate certain rules; prohibiting liability if certain individual relied on affidavit; providing exemptions from disclosure requirements; requiring Department to develop certain affidavit; providing for civil penalty; providing for codification; and providing an effective date.
Oregon	HB 2175	Defeated	An Act relating to food labeling; creating new provisions; amending ORS 616.360; and declaring an emergency.

	HB 2532	Defeated	An Act relating to food labeling; creating new provisions; amending ORS 616.360; and declaring an emergency.
	HB 2736	Defeated	An Act relating to genetically engineered plants; creating new provisions; and amending ORS 561.740.
	HB 3177	Defeated	An Act relating to food labeling; creating new provisions; amending ORS 616.360; and declaring an emergency.
	HB 3293	Defeated	An Act relating to food labeling; creating new provisions; amending ORS 616.360; and declaring an emergency.
Pennsylvania	HB 1770	Defeated	An Act amending Title 3 (Agriculture) of the Pennsylvania Consolidated Statutes, providing for labeling of genetically engineered food.
	SB 653	Defeated	An Act amending Title 3 (Agriculture) of the Pennsylvania Consolidated Statutes, in food protection, further providing for food safety.
Rhode Island	HB 7042	Defeated	An Act relating to food and drugs - Rhode Island Food, Drugs, and Cosmetics Act.
	SB 2226	Defeated	An Act relating to food and drugs - genetically modified organisms to be labeled.
	HB 5278	Defeated	An Act relating to food and drugs - genetically modified organisms to be labeled.
Tennessee	SB 1878	Defeated	An Act to amend Tennessee Code Annotated, Title 39; Title 47, Chapter 18, Part 1 and Title 53, Chapter 1, relative to genetically engineered food.
	SB 894	Defeated	An Act to amend Tennessee Code Annotated, Title 47, Chapter 18, Part 1 and Title 53, Chapter 1, relative to food labeling requirements.
	HB 1168	Defeated	An Act to amend Tennessee Code Annotated, Title 47, Chapter 18, Part 1 and Title 53, Chapter 1, relative to food labeling requirements.
Utah	HB 205	Defeated	An Act to modify Title 36, Legislature, and Title 63I, Oversight, by providing for the appointment of legislative members to participate in multistate discussions involving agreements to label genetically modified food.

Vermont	HB 112	Passed	An Act relating to the labeling of food produced with genetic engineering
Washington	I-522	Failed	A ballot measure that "concerns the labeling of genetically engineered food" in Washington.
West Virginia	HB 2153	Defeated	An Act to amend the Code of West Virginia, 1931, as amended, by adding thereto a new article, designated §19-2H-1, §19-2H-2, §19-2H-3, §19-2H-4, §19-2H-5 and §19-2H-6, all relating to creating the "Genetically Engineered Food Right to Know Act"; making legislative findings; setting forth labeling requirements regarding the sale of foods containing genetically engineered materials and foods produced with genetically engineered materials; providing exceptions; requiring testing; providing civil penalties; providing for civil suits by the Commissioner of Agriculture and suits by citizens; defining terms; and providing rule-making authority.

Alabama, Arkansas, Delaware, Georgia, Idaho, Kansas, Louisiana, Mississippi, Montana, Nebraska, North Carolina, North Dakota, Ohio, South Carolina, South Dakota, Texas, Virginia, Wisconsin, and Wyoming have not introduced bills to their state legislatures.
